

MATTE WHITE CLOTH (BLACK BACKSIDE)

MATTE WHITE is a PVC cloth for front projection with an excellent gain and a good viewing angle. MATTE WHITE is a solution for rooms where there is sunlight interference behind the screen. It has good resistance to mechanical wear and tear and has a tested quality (no waves in big dimensions' screen).

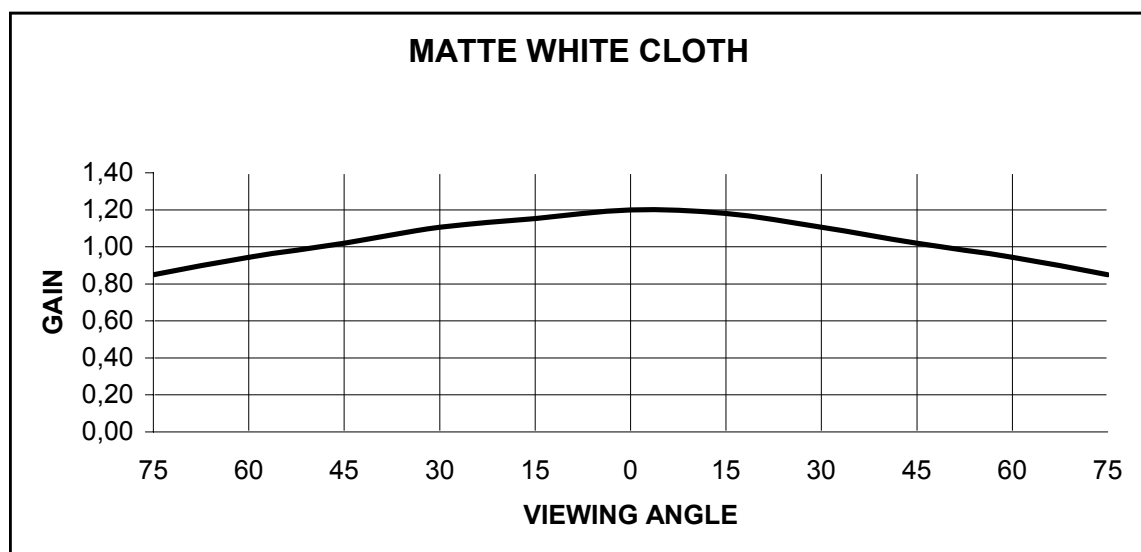

USE: Electric screens until 190 cm. of height without welding

OPTIONAL FINISHINGS: 5 centimetres' black borders welded on left and right side and black edges.

CERTIFICATIONS: MATTE WHITE has obtained fire-proof certification class M1
