

## MULTICHANNEL REMOTE CONTROL WITH TWO EXTERNAL RECEIVERS (868MHz)

The **MULTICHANNEL REMOTE CONTROL** has 2 channels, every one of them can radio control one product. It is supplied with two small receivers (52x27x136 cm. WxDxH) that can be easily hidden and that can be connected to two different appliances.

The remote control can control the two appliances both simultaneously and also one at a time.

This kit is a useful accessory that can be supplied with the Screen Winch System and its motorized screen or with a projector lift and its electric screen or in any application where you would like to make use of one remote control to switch on/off different appliances.

The remote control receiver offers the possibility to manage the connected equipment also by a pulls switch (not included) or via a room control system.

Receiver dimension: **52x27x136 mm (WxDxH)**

**EUROSCREEN S.r.l.**
