

TIZIANO TENSIONED has been developed with a stunning Italian design which makes it the ideal solution for high-end installations both for residential and professional environments.

If you are looking for a **refined Italian design** and excellent reliability the Tiziano is the perfect solution. Extremely easy install, invisible mounting brackets and power cable are essential features of this exclusive product.

The aluminium housing has been designed with elegance in mind and is available in a wide range of different colours, enabling you to customise the finished screen to meet your customers' requirements.

The "Flagship" model of electrical projection screen is the Tiziano tensioned. The tensioning mechanism assures the screen an absolutely perfect flatness of the projection surface, avoiding possible edge curling and a distortion of the image.

Available in 4:3, 16:9 and 16:10 formats or **bespoke sizes**.

Led lights for the housing

Available colours: white, blue, green, red
(optional)

Ceiling mounting brackets

Wall mounting brackets

n.1 On/off switcher

Extremely quiet motor

Kit RF Remote control with external receiver

Interface switch 12 volt

Low voltage contact interface

Multiple control interface set

Interface RS485

Nm 9 Rpm 26

Faster motor

INCLUDED

OPTIONAL pag 70-71

WALL MOUNTING BRACKET
